

Plastic Floor Plate Evo-Floor

Product Images

Short Description

Plastic floor plate evo-floor 50x50cm, unpunched

Description

Displaceable plastic floor plate made of polypropylene. The plates are UV-resistant, weatherproof, insensitive to cold and heat (temperature range -20 to +70°C). This type of flooring can be laid out in all 4 directions, is accessible with forklift and lorry and it is anti-slip due to non-skid nub surface and easy to clean.

Plastic ramp and corner elements are also usable on all 4 sides.

Accessories:

- Plastic floor corner element evo-floor, black
- Plastic floor ramp element evo-floor, black
