

Demining Face Mask

Product Images

Short Description

ROFI Face Mask is now offered in a new improved design featuring a sun cap for increased comfort and working conditions.

Description

The main benefits of ROFI Demining Face Mask are:

- Low weight
- Effective ventilation of exhaled air
- Visor is much closer to the eyes, reducing transparent area by 80%, reducing glare, irritation due to scratches and distortion
- Adjustable in size – one size fits all
- Direct ventilation of breath (heat, moisture and CO₂)
- Protects face against the sun
- Reflects radiated heat
- Optical component protected and easily replaceable.
